

Deadline Approaching for Navarro County Business and Land Owners to Submit Renditions, Reapplications

We have relocated to 1250 N. 45th St. (Across from the IOOF Park)

Navarro County business owners of personal property that is used to produce income need to file a business personal property rendition no later than April 15, 2020, according to Chief Appraiser Karen Morris.

“A rendition is a report that lists all the taxable property you owned or controlled on January 1st of this year such as inventory and equipment used by businesses,” Mrs. Morris said. “The exception to this would include exempt property such as church property or an agriculture producer’s equipment used for farming.”

The Navarro Central Appraisal District, located at 1250 N. 45th St., uses that information to set property values, and if more than one appraisal district appraises a property, the property owner should submit a rendition for each appraisal district office.

Property owners can also file a report of decreased value with the appraisal district, which notifies the appraisal office of significant property depreciation.

“For example, if your property was damaged by a storm, flood or fire last year, you should file a report of decreased value,” Mrs. Morris said. “The district will look at your property before assigning a tax value in 2020.”

The last day to file a rendition or report of decreased value is April 15, 2020. If a rendition is filed late, is incomplete or not filed at all, a ten to 50% percent penalty may be imposed, she said.

“Property owners who need more time to file their renditions may file a written request with the chief appraiser on or before April 15th to receive an automatic extension,” Mrs. Morris said. “This extension is good through May 15th.”
